## FLOOR MACHINES

(Models S17F & S20F)

Sterling Floor Machines are built for heavy-duty applications. They will strip, scrub, shampoo and shine to the satisfaction of the most demanding commercial cleaning professional. They also meet the requirements of surface prep professionals seeking a tough, yet portable floor machine to cut, grind, sand, and polish concrete. These versatile floor machines are ruggedly designed to provide years of reliable, trouble-free service.

### FEATURES:

- Imperial motor: UL listed for commercial, industrial applications.
- High torque two capacity motor: Quiet start-ups, cool running.
- All-steel triple planetary gearbox: Provides low noise, vibration and long service life.
- Shower-feed Pad Driver: Secures pads, delivers cleaning solution to floors.
- Five-year warranty on Motor and Gearbox.

### TECHNICAL SPECIFICATIONS:

Model:	S17F	S20F
Item #	110-1007-20	110-1010-20
Cleaning Width	17"	20"
Brush Speed	175rpm	175rpm
Motor	1.5HP	1.5HP
Power cord	40ft	40ft
Wheels	2 ea 5"	2 ea 5"
Weight:	115 lbs.	130 lbs.

### ACCESSORIES:

Optional 4-gallon  
solution tank

Item #:

112-2001-14

## FLOOR MACHINES

(Models S17F & S20F)

Dual-deadman Switch with Safety Mechanism: Machine shuts off immediately when operator releases trigger levers. Safety mechanism prevents accidental start-up.

40-foot heavy gauge power cord: Allows worker to cover a large area without interruption to change outlets.

Cord hooks: Convenient power cord storage on machine.

Adjustable Stainless Steel Handle with Cam Style Latch: Adjusts to operator height and locks in position with either hand or foot.

Plastic Motor Canopy: Protects motor from impacts and liquids.

Two 5-inch rear wheels: Easy to transport up/down steps and to storage area.

1.5HP Continuous duty Motor with two capacitor (start and run): Quiet, cool running, long service life. Backed by five-year warranty.

All-Steel Triple Planetary Gear Box: Smooth, quiet application of power. Backed by five-year warranty.

Powder coated, cold-rolled steel chassis with water-feed fitting: Chip and corrosion resistant.

Non-marring bumpers: Protects furniture, cabinets and baseboards.

Shower-feed pad driver with molded polymer face: Dispenses solution to floor. Hundreds of individual hooks grip floor pad and holds securely while operating machine.
